The chair advised that agenda items 11 through 16 were all Public Hearings. He wished to open the Public Hearing for all of them and the Council clerk would read them by title.

Councilman Delatte asked if there would be any more coming up that still hasn't been approved yet.

Mark Harrell answered from the audience and advised that yes, that hopefully there would be quite a few more approved. He advised that there were acquisitions and elevations on their way as well.

Councilman Garry Talbert questioned why some of the properties were granted funding of one hundred percent (100%) and some were not.

Mr. Harrell explained that there were two (2) different grants and grant sources. One is based on income and it just depended on which one you could get into first.

Having no other discussion, the chair requested a motion for agenda items numbered 11 through 16. It was determined that these items be adopted with consent to consider them all in one motion. The chair asked if there was anyone who wished to object to these items being adopted by consent. Having none, the chair called for the vote.

The chair called upon Mr. Billy Taylor who presented the 2022 recommended list and explained that it was comprised of seventy-two (72) roads, approximately thirty (30) miles of roadway, with the estimated cost of construction being nearly eleven million dollars (\$11,000,000.00), to which he cautioned the Council members that there were some material prices that were fluctuating and some of the roads that were on the list had some unique situations that they may need to look at and fix correctly while they are there. He requested that the Council members approve the list presented before them and he would answer any questions that they may have.

The chair allowed a very, very lengthy open discussion and Mr. Taylor answered the Council members’ questions satisfactorily.

Councilman Talbert stated that he wished to make a motion to adopt a resolution approving and authorize the parish road project engineer’s recommendations. Councilman Shane Mack advised that he wished to second that motion.

Thereupon the chair declared that the Motion had carried and was adopted.

The chair addressed agenda item number 18, “Parish President’s Report” and advised that he would be moving agenda items number(s) 12a, 12b, and 12c, “Administrative Update(s) Report(s): Randy Delatte: Update, Plan and/or information concerning the many miles of canals in Council District 8 in need of tree removal to prevent another flooding event in Livingston Parish: FEMA Disaster Recovery Center, Funds from the American Rescue Plan, List of grants that the Livingston Parish Government has applied for and their status of any parish drainage or road grants that heave been received, Status and progress of the many avenues of Broadband funding”, per the request of the Parish President, to which no one objected.

The chair addressed agenda item 12a and called upon Mark Harrell.

12. Administrative Update(s) Report(s): Randy Delatte
- a. Update, Plan and/or information concerning the many miles of canals in Council District 8 in need of tree removal to prevent another flooding event in Livingston Parish:
 - i. FEMA Disaster Recovery Center
 - ii. Funds from the American Rescue Plan

Upon Mr. Harrell’s way to the lectern, the chair advised that Councilman Randy Delatte put these items on the agenda and called upon him to ask his questions. The chair requested that Mr. Harrell include his update to include the entire Parish, not just District 8.

Mr. Harrell advised that he was appearing on behalf of Steve Kistler, Grants Department Director. He began by discussing the Parish's waterways and indicated "you apply for everything and do it in small agreements". He acknowledged that they had applied for NRCS funding and had received thirteen million dollars (\$13,000,000.00) that week. These funds will be used for Lizard Creek, Blood River combined with Simeon Branch, Colyell Creek, West Colyell Creek and Tickfaw River. However, they cannot move forward because of the ten (10%) percent cost share. Mr. Harrell met with the City of Walker as West Colyell Creek will affect the City of Walker greatly and Walker has decided to cover the ten (10%) percent cost share. This is the only one that will be able to be done and it will use two point four million dollars of the thirteen million awarded. Mr. Harrell discussed how in the past that cost share was acquired. Councilman Delatte questioned doing smaller waterways. He discussed in detail his knowledge of many smaller waterways. Mr. Harrell discussed the difference between funding mechanisms.

There was an open discussion regarding the necessity of funding. Parish President Layton Ricks assisted Mr. Harrell in answering the Council's questions.

The chair asked if Councilman Delatte's questions had been answered and moved to the next agenda item 12b, "List of grants that the Livingston Parish Government has applied for and their status of any parish drainage or road grants that have been received".

Mr. Harrell reported on the Holden Highway 190 Project, Suburban Acres, the mouth of the Amite and Blind River, West Colyell Creek, Allen Bayou, and NRCS Beaver Creek/Spillers.

The chair moved to agenda item 12c, "Status and progress of the many avenues of Broadband funding". Mr. Harrell advised that nothing had been done at the Parish level for broadband because they did not want to do duplication. He explained that there was another group that had been formed by State Representative Buddy Mincey and the Parish did not want to be disqualified because of lack of communication.

Councilman Delatte asked questions about programs available for broadband and the chair allowed a lengthy open discussion.

Lastly, Mr. Harrell addressed Councilman Delatte's questions in regard to the "DRC". Councilman Delatte explained that he had been advised that in the Morning Advocate, there had been pictures and a write up with Ascension Parish and East Baton Rouge Parish, Iberville Parish and Manchac Bayou using that money to do the clearing. Mr. Harrell asked if Councilman Delatte was referring to the contractor, DRC, and not the Disaster Recovery Center. He advised that he did not know, it said DRC. Mr. Harrell advised that it may have been a private contractor for debris.

The chair asked if there were any other questions. Having none, the chair thanked Mr. Harrell and Parish President Ricks for their remarks and moved to the next agenda item.

The chair addressed agenda item number 19a through d, "Livingston Parish Planning Commission Recommendations" and called upon Planning Director Sam Digirolamo.

Thereupon the chair declared that the Motion had carried and was adopted.

LPR NO. 22-013

MOTION was made by Maurice “Scooter” Keen and duly seconded by Randy Delatte to grant a variance of Section 125-12(4) to Gerald Varnado and allow five (5) lots on the servitude with one (1) lot being under an acre (.83) located off of Arnold Road in Council District 3.

Upon being submitted to a vote, the vote thereon was as follows:

YEAS: MR. MACK, MR. WASCOM, MR. TALBERT, MR. HARRIS, MR. MCMORRIS,
MR. DELATTE, MR. KEEN, MR. GIRLINGHOUSE, MR. ARD

Thereupon the chair declared that the Motion had carried and was adopted.

The chair addressed agenda item number 24, “Adopt resolution to name an unnamed servitude, “Hunter Passage Way”, located off of Walker Road North in Council District 1 – Jeff Ard”.

The chair advised that this item would need to be sent back as the names that were submitted to the Permit office had been denied and the constituents requesting the servitude to be named would need submit a name that did not have the word “Hunter” as part of the road name. The chair announced that this item would be deferred.

The chair addressed agenda item number 25, “Adopt resolution to lower the speed limit on Old LA Highway 16 to twenty-five (25) mph”, and called upon Councilman Garry Talbert.

Councilman Talbert stated that if anyone has been to Watson, when Highway 16 used to be crooked, it runs beside the Methodist church, beside from the hardware store, in front of the junior high school, the elementary school, and then on out to Highway 1019.

One of the Councilmembers questioned what the speed limit was set at currently. Councilman Talbert advised that it was thirty-five (35). He continued to state that it was narrow, it’s got ditches, they got people who live on it that – they got to go get their mail. He further stated that actually a constituent reached out to Representative Graves and Representative Graves reached out to Councilman Talbert and so they were going to lower it to twenty-five (25). He offered that it was only the Parish’s part, it is only from 1019 to where Highway 16 meets up by the best stop. That is the part that’s Parish and the state still has from 1019 to Highway 16 at the four-way where Walgreen’s is.

Councilman Maurice “Scooter” Keen asked if they could request a round-a-bout right there while you’re doing it? Councilman Talbert said that they could move that round-a-bout from the truck stop to which Councilman Keen stated no, they need that one too.

Councilman Randy Delatte stated that he wished to second Councilman Talbert’s motion.

Councilman Talbert stated that the motion is to put speed limits from twenty-five (25) from 1019 to Highway 16 on Old Highway 16.

The chair stated that the motion was made by Mr. Talbert and seconded by Mr. Keen. He asked if there were any other discussion on this agenda item.

Having none, the chair called for the vote.

Thereupon the chair declared that the Motion had carried and was adopted.

The chair addressed agenda item number 26, “Board (re)appointment(s): Fire Protection District No. 1 – Shane Mack”. It was determined that this item should be deferred until more information is received from the Town of Albany and Fire Protection District No. 1.

Councilman Randy Delatte requested to ask the Council clerk a question in regard to board appointments. He advised that he had received a text message shortly ago from a gentlemen that reported that he had submitted his resignation letter to us three (3) weeks ago from Carter Plantation Community Development District. Councilman Delatte advised him that our office had not received that, to which the Council clerk concurred.

The chair addressed agenda item number 27, “Adopt resolution to add the following roads for consideration to the Priority Road/Capital Outlay List: a. Traci Avenue located in Council District 4 – John Wascom, b. Bruce Drive located in Council District 4 – John Wascom”.

Councilman John Wascom received phone calls from constituents regarding the roads mentioned. Councilman Wascom contacted the mayor of Denham Springs and he concurred with the constituents and asked Councilman Wascom to add them for consideration to the road list.

Councilman Maurice “Scooter” Keen requested to add the roads in Cypress Gardens located off of Dunn Road. He advised that it consisted of two (2) little roads and he would submit them to the Council clerk for the record.
