Lonnie Watts	John Mangus
Ryan Chavers	Ricky Goff
Billy Taylor	Dean Coates
Erin Sandefur	Joseph "Joe" Erdey
John Wascom	

Also present: Chris Moody, Parish Legal Counsel  
Parish President Randy Delatte  
Mickey McMorris, Livingston Parish Finance Director

-----  
The chair called the meeting to order.  
-----

The chair addressed agenda item number 7, "Adopt the Minutes for the April 11, 2024 regular meeting of the Livingston Parish Council".

**LPR NO. 24-164**

MOTION was made by Ricky Goff and duly seconded by John Mangus to dispense with the reading of the minutes from the April 11, 2024 regular meeting of the Livingston Parish Council and adopt as written.

Upon being submitted to a vote, the vote thereon was as follows:

YEAS: MR. TAYLOR, MR. WATTS, MR. CHAVERS, MS. SANDEFUR, MR. ERDEY,  
MR. GOFF, MR. WASCOM, MR. COATES, MR. MANGUS  
NAYS: NONE  
ABSENT: NONE  
ABSTAIN: NONE

Thereupon the chair declared that the Motion had carried and was adopted on April 25, 2024.  
-----

The chair addressed agenda item number 8a, "Presentations: Recognition of Mr. Tolley Fletcher", and called upon Councilman John Mangus.

Councilman Mangus came from the dais and stood beside Mr. Tolley Fletcher in the audience. He introduced Mr. Tolley Fletcher to everyone present and acknowledged that Mr. Fletcher was a member of the Greatest Generation, he was ninety-nine (99) years young and a member of Council District 6.

Councilman Mangus explained how he came to know Mr. Fletcher. Through getting to know him, he discovered that Mr. Fletcher had served in World War II and was actually at D-Day.

Councilman Mangus called for the Council members to come and stand with him beside Mr. Tolley Fletcher as he read from a plaque to be presented to Mr. Fletcher which stated the following:

**In Honor and Recognition of Your  
OUTSTANDING EXCELLENCE  
Presented to  
MR. TOLLEY FLETCHER**  
**On this twenty-fifth day of April, in the year of our Lord, two thousand and twenty-four  
We Salute You for Your Service to Our Nation and Community  
In appreciation of your lifetime of achievements and bravery, the  
Livingston Parish Council wishes to extend their sincerest gratitude and**

acknowledge your dedication as a commendable member of the  
Greatest Generation who came together to sacrifice what they could to  
make the world a better place.

May we always remember the words and example of Tolley Fletcher  
“How important it is that people are willing to give their lives to protect other people”.

Lonnie Watts  
Council District 1  
Ryan Chavers  
Council District 2  
Billy Taylor  
Council District 3

John Wascom  
Council District 4  
Erin Sandefur  
Council District 5  
John Mangus  
Council District 6

Ricky Goff  
Council District 7  
Dean Coates  
Council District 8  
Joe Erdey  
Council District 9

Upon the conclusion of the reading of the plaque, everyone stood and gave Mr. Tolley Fletcher a standing ovation. Mr. Fletcher expressed his gratitude to the Council members.

The chair asked if the members of the Council wished to take this opportunity to have a photo taken as they stood next to Mr. Fletcher. They thanked him and everyone in the audience gave Mr. Fletcher another round of applause.

As the Council members went back to their seats, Mr. Fletcher came to the podium and stated how much he appreciated the audience’s presence and acknowledged that there had been so many other wars in the United States as well. His concern laid with the people of today who did not have any knowledge of those things, especially the younger generation. He told the Council members how much he appreciated their support and it had been a pleasure to be with everyone that evening.

Councilman John Mangus wished to declare that Mr. Tolley Fletcher would not be going anywhere soon. His sister was one hundred and three (103) years old, he had another sister who was aged one hundred and one (101) and a baby brother who was now ninety-five (95) years old, to which Mr. Fletcher was once again met with applause.

-----  
The chair moved to the next presentation for agenda item number 8b, “Presentation by Alex Kropog on the Hungarian Museum – Joe Erdey”.

Councilman Erdey called upon Alex Kropog and Vicki Mocsary in the audience and requested that they come to the front. Mr. Kropog and Ms. Mocsary came to the front of the Council chambers as directed and introduced themselves.

Ms. Mocsary greeting them in Hungarian. She wished to educate them about Hungarian Settlement and how they came to be in Livingston Parish. She advised that Mr. Kropog would be speaking about the Hungarian Museum.

Ms. Mocsary advised that they were they largest rural population in the entirety of the United States. She discussed the opportunity that was available for the first Hungarian who came to settle here in 1896, if not before. There was an abundance of land that was available for sale because of the lumber business, and by 1935, there were approximately two hundred (200) families living in what they called “Árpádhon Point”. She wished to encourage everyone to come to the Hungarian Museum to find out more about that Hungarian word. She stated that their community was trying to carry on the traditions as much as they can. She then invited Mr. Kropog to take his place at the podium to discuss the Hungarian Museum.

Mr. Kropog acknowledged the things that his counterpart had stated about the many things that their organization does, but he also wanted to mention one of the things that they are well known for, and that was for their Hungarian food. He stated that their language unfortunately, is fading, and that few people speak it any longer. He admitted that it was a difficult language.

Mr. Kropog declared that the task that they had in hand, was maintaining what they had in hand, even yet. He stated that in an effort to maintain what they do have, they had two (2) Hungarian organizations that are carrying on the task. He explained the difference between the two (2) organizations and how the museum came to be. He ascertained that visitors travelled from all over the United States to visit their Hungarian Museum, as well guests that come from all over the world. He explained the different exhibits that the museum had on display.

-----

The chair addressed the last presentation listed on that evening’s agenda, agenda item number 8c, “Fentanyl Awareness Day: Adopt a resolution to proclaim May 7, 2024 as Fentanyl Awareness Day in Livingston Parish - Madison Bueche, Students Against Destructive Decisions (SADD) Student of the Year”.

The chair called upon Ms. Madison Bueche. She began by thanking the chairman, as well as the other Council members for their time and their openness by creating awareness and change in their community.

She then introduced herself as Madison Bueche, Livingston Parish SADD Student of the Year. She explained that Livingston Parish Students Against Destructive Decisions is a community based non-profit organization dedicated to young people’s health and safety. She further explained that their organization empowers students of all ages, engages their parents, mobilizes our community and changes lives. They accomplish this by educating their peers on the dangers of destructive decisions, such as, using illicit drugs, drinking alcohol underage and vaping. Last year a group of their students expanded their mission when they recognized the increasing dangers of the Fentanyl exposure in our community and executed a multi-media awareness campaign. She described the different platforms used to educate others. Ms. Bueche stated that they also secured a Proclamation from the Livingston Parish Council and also former Louisiana Governor Edwards to declare May 9, 2023 to be Fentanyl Awareness Day throughout the Parish and the state to discuss the importance of the day. SADD hosted a town hall event that featured a panel of health care workers, law enforcement officers and Netflix’s Dan Schneider of “The Pharmacist”. She discussed their campaign to honor those whose lives have been lost, and the statistics of Fentanyl and its staggering ill affects that have taken place here in our community and nationwide.

Ms. Bueche stated that she was appearing before them that evening speaking on behalf of her peers and the Livingston Parish SADD Student Leadership Council to humbly ask for the Livingston Parish Council’s support as they continue to fight the devastation that Fentanyl has caused and will continue to create at home. She continued and asked for their vote to adopt a resolution to proclaim that May 7, 2024 to be Fentanyl Awareness Day in Livingston Parish. She stated that Fentanyl affects them all, Fentanyl hurts them all, and Fentanyl takes it all.

The chair thanked Ms. Bueche for her presentation and asked if anyone wished to make the motion and the second for this resolution. Councilwoman Erin Sandefur stated that she wished to make that motion and Councilman Billy Taylor stated that he would make a second to that motion. The chair called for a vote and the resolution to proclaim May 7, 2024 as Livingston Parish Fentanyl Awareness Day passed unanimously.

Ms. Bueche thanked them for the support. The Parish President and many of the Council members commended her for the wonderful job that she had done with her presentation.

# PROCLAMATION

Livingston Parish Fentanyl Awareness Day

Tuesday, May 7, 2024

STATE OF LOUISIANA

PARISH OF LIVINGSTON

LPR NO. 24-165

MOTION

was made by Erin Sandefur and duly seconded by Billy Taylor for the following proclamation to support the efforts of Students Against Destructive Decisions (SADD) of Livingston Parish:

WHEREAS,

Livingston Parish Fentanyl Awareness Day aims to amplify Parishwide efforts to increase awareness and decrease demand for fentanyl, which is a highly addictive synthetic opioid that continues to drive the overdose epidemic; and

WHEREAS,

Fentanyl is a synthetic opioid that is approximately fifty (50) times more potent than heroin and one hundred (100) times more potent than morphine; and

WHEREAS,

Drug traffickers are increasingly mixing fentanyl with other drugs by placing it in marijuana, cocaine and other drugs; whereby many individuals that overdose and lose their lives do not realize that they have taken fentanyl; and

WHEREAS,

The Centers for Disease Control and Prevention reports that in the United States, over one hundred and fifty (150) people die daily from overdoses related to synthetic opioids like fentanyl; and

**WHEREAS,** The Drug Enforcement Administration reports that over 107,300 fentanyl-related deaths happened in our country from August 2021 to August 2022, and furthermore, in 2022 the DEA seized 379 million lethal doses of fentanyl, being enough to kill every American in our nation; and

**WHEREAS,** Only two (2) milligrams of fentanyl is considered a potentially lethal dose; being particularly dangerous for individuals who do not have a tolerance to opioids; and

**WHEREAS,** Young people and families need to be aware of this lethal drug and its dangers; and

**WHEREAS,** there are reports identifying statistics of children as young as seventeen (17) months old who have overdosed on fentanyl; and

**WHEREAS,** the Livingston Parish Council as the governing authority of the Parish of Livingston, State of Louisiana, wishes to support the efforts of the Students Against Destructive Decisions (SADD) institution, which is a non-profit organization dedicated to young people's health and well-being, by empowering teens, engaging parents, mobilizing communities and changing lives; and

**WHEREAS,** the Livingston Parish Council commends the efforts of Students Against Destructive Decisions (SADD) by educating their peers on the dangers of making destructive decisions such as using illicit drugs, drinking alcohol underage and vaping; and

**WHEREAS,** the Livingston Parish Council desires to recognize and applaud the passion and pursuit of Students Against Destructive Decisions (SADD) fulfilled by hosting community outreach events that contribute to the development of leadership and decision making skills and their service to the students and their families through evidence based programs and awareness events that promote safety and wellness.

**NOW, THEREFORE BE IT RESOLVED THAT** the Livingston Parish Council, desires to proclaim Tuesday, May 7, 2024, as Fentanyl Awareness Day in the Parish of Livingston, State of Louisiana, and encourage residents to be aware and to share this information far and wide declaring that no one is exempt from the dangers of fentanyl, and acknowledging that this is a critical issue that needs to be pursued to keep our community and loved ones safe.

Upon being submitted to a vote, the vote thereon was as follows:

Livingston Parish Council

-----  
Councilman Joe Erdey advised that Mr. Alex Kropog, who had just given a presentation about the Hungarian Settlement Museum, had requested if he could have a picture taken with the Council members. The chair and the others obliged and the meeting halted for the photo opportunity.

-----  
The chair called the meeting back to order and addressed agenda item number 9a, "Livingston Parish Finance Department: 2023 Engagement Letter", and called upon Mr. Mickey McMorris, Parish Finance Director.

Mr. McMorris directed the Council members to review the packet that had been distributed earlier by Administration. He explained that in that packet were three (3) items: one (1) was for the financial audit, the engagement letter, one (1) was the agreed upon procedures that the Legislative Auditor requires for the 2023 year, and the special audit with the agreed upon procedures that some of them referred to as the "forensic" audit.

He continued and advised that the Administration, and the Council, had engaged Faulk & Winkler, which is Mr. Tommy LeJeune, and he will be there to present that. He advised that Administration was recommending that audit be approved for the twenty-three (23) year.

Mr. McMorris explained that Mr. Tommy LeJeune, with Faulk & Winkler, worked for the Council members, and this was for him to audit the books according to the law, and present to the Council members any audit findings for twenty-three (23).

Mr. McMorris indicated that he would like to introduce at that time, Mr. Tommy LeJeune with Faulk and Winkler.

The chair invited Mr. LeJeune to the lectern and welcomed him. He asked if he would be giving the Council members a quick synopsis of any findings.

Mr. LeJeune obliged and advised that the items that were numbered 9a and 9b on the agenda are mandated by state law to have an annual audit in accordance with all of the federal and state requirements. He explained that would be the first item the 2023 Audit Engagement Letter. He explained that there was an additional process that the Legislative Auditor began several years ago. It is called Statewide Agreed Upon Procedures. He stated what that represents is mandated procedures that all auditors must do by compiling a list of procedures based on what their review was across the state. He explained that both of these procedures are done in conjunction with one another, and there will be two (2) reports that are completed at the end of each year that he will be submitting to the Council members.

The chair asked Mr. LeJeune if he needed the Council members to adopt a resolution for all three (3) things that were listed on the agenda for the Finance Department?

Mr. LeJeune advised that a resolution was required for the first two (2) items, and the third item listed on the agenda (as 9c) was the special report that he was going to review with them in a moment.

The chair proposed that the Council adopt one (1) resolution for both of those items just discussed. The Council clerk requested if the two (2) could be voted upon separately.

The chair asked if there was anyone who wished to make a motion to accept the 2023 Audit Engagement Letter?

A motion was made by John Mangus to accept the 2023 Audit Engagement Letter and duly seconded by Ricky Goff.

Councilman Ryan Chavers requested that this vote be deferred until the next Council Meeting for them to have some time to digest? He reasoned that the members of the Council had just received the documents that they were voting on and he would like more time to review.

Mr. LeJeune confirmed that they could delay the vote, that would be up to them, however, he wished to caution them that the audit would have to be completed by June 30<sup>th</sup> because there was a timeline associated with getting their audit done.

Councilman Chavers asked if he could make a motion to defer until the next Council meeting.

Mr. Mickey McMorris, Parish Finance Director, asked if he speak about the deferment of the Engagement Letter. He advised that the Engagement Letter was like the one (1) presented each year. He suggested that they may wish to take more time for the review of the completed special audit and digest that, whereby deferring agenda item number 9c and not deferring agenda item number 9a. Mr. McMorris also wished to caution that they were on a timeline crunch for the approval of this Engagement Letter because the Legislative Auditor required that the audit be completed no later than June 30<sup>th</sup>.

Councilman Ryan Chavers wished to make sure that they understood what the outcome of their approval of agenda item 9a would accomplish. Mr. McMorris stated that the approval of the 2023 Audit Engagement Letter is the approval of the contract for the audit which needed to be done for

the year of 2023. He further stated that Faulk & Winkler would report back to the Council members after June 30<sup>th</sup> to advise if any findings had been discovered.

Parish President Randy Delatte wished to interject and stated that agenda items numbered 9a and 9b were just housekeeping items, he offered that agenda item 9c, “Draft of Agreed Upon Procedures Audit” (which was in reference to the special audit and its findings).

Councilman Ricky Goff wished to question how long Mr. LeJeune had been doing this type of work for the Parish for the benefit of their knowledge?

Mr. LeJeune stated that this was the first year that he had been doing this type of work for the Parish of Livingston. He conveyed that his firm specialized in governmental work, and at that time, they currently had forty to fifty (40-50) governmental clients, some being just audit clients such as the work being proposed for the Parish of Livingston. He explained that his firm had a lot of engagement letters where governmental entities engaged his firm to do their day to day accounting. Mr. LeJeune advised that they had a lot of outsourced CFO controllership arrangements. He wished to note that he worked for school districts, Parish governments, cities, towns, special utility taxing districts and confirmed that they worked in a number of different capacities across the Baton Rouge area. Mr. LeJeune stated that he had been with his firm for thirty-four (34) years and had just completed his thirty fourth (34<sup>th</sup>) tax season. He reported that he had been a partner with them since the year 2000. In addition, he was currently their firm’s managing partner.

Mr. McMorris asked about the audit that Mr. LeJeune had conducted for the Parish of Livingston in 2013. Mr. LeJeune stated that they were engaged with the Parish of Livingston in 2010 and were hired to do some internal work with accounting assistance when Mr. Grimmer was the Parish President. He further advised that they did something similar the first year that Mr. Layton Ricks was Parish President, and then his employees came to work for you guys and we lost that engagement as a result of that. He stated that he was initially hired to do a special report, similar to what he was evaluating with them that evening on the utilization of your tax dollars for roads and so they had produced a number of recommendations at that time, which was around the years of 2009-2010. He acknowledged that he had some familiarity with the Parish of Livingston.

The chair stated that what they will need to do is adopt a resolution to authorize the 2023 audit engagement letter.

#### **LPR NO. 24-166**

MOTION was made by John Mangus and duly seconded by Ricky Goff to accept and authorize the 2023 Audit Engagement Letter submitted by Faulk & Winkler to confirm their understanding of the engagement of their services that they will provide for the Parish of Livingston’s annual audit for the year ended December 31, 2023.

Upon being submitted to a vote, the vote thereon was as follows:

-----  
The chair addressed agenda item number 9b, “Livingston Parish Finance Department: Statewide Agreed Upon Procedures” and asked Mr. Tommy LeJeune if he could explain what the difference was between the two (2).

Mr. LeJeune advised that this item is the mandate that he was discussing earlier with the Council members that the Legislative Auditor requires all governments to go through. It is everything from analyzing your written policies, accounting and financial policies, credit card activity, cash receipt activity, and consists of some really specific audit procedures that are standardized across all audit firms and all governmental entities. His firm must report specifically on each one and it compiles thirty to forty (30-40) additional steps to their process.

The chair asked for a motion to adopt the statewide agreed upon procedures.

**LPR NO. 24-167**

MOTION was made by Erin Sandefur and duly seconded by John Mangus to accept and authorize the Statewide Agreed Upon Procedures received from Faulk & Winkler to confirm their understanding of the terms of their engagement and the nature and limitations of the services they are to provide for the Parish of Livingston.

Upon being submitted to a vote, the vote thereon was as follows:

Thereupon the chair declared that the Motion had carried and was adopted on April 25, 2024.

-----  
The chair stated that for the agenda item numbered 9c, “Draft of Agreed Upon Procedures Audit”, per Mr. Jim Ryan’s recommendation, the Council members would be deferring that agenda item until the next Council meeting.

Councilman John Mangus questioned if Mr. LeJeune could address it at all? The Parish President responded and stated that the Council did not have to vote on it and Mr. LeJeune was allowed to address it.

Mr. LeJeune stated that the results were the results and it was not anything that the Council members would approve. He explained that he had created a bound book for them and a one (1) page summary that he planned to walk them through without getting into all of the details. He further advised that he had page numbers indicated on everything that he would be speaking about. Mr. LeJeune stated that this engagement is called an agreed upon procedure and it is a special type of arrangement that CPAs can do for clients or for organizations. He explained that what you do is identify certain concerns, and they have identified some of those concerns. Secondly, they developed recommendations and observations so that the Parish may use that information to plan their future. He continued to explain that with that, the primary three (3) procedures that they were asked to review initially, observe some paid time off, basically review the policy and practices that were in place in 2023. He stated that the Parish had this cash conversion practice where employees could elect to convert PTO into a check and the Parish would compensate them, instead of them taking time off, they received cash. He stated that they looked at all individuals that had payments exceeding twenty-five hundred (\$2500.00) dollars and used that sample to work from. He reported that they found fifty-six (56) payments, totaling about two hundred eighteen thousand dollars (\$218,000.00) that they reviewed. The second item was that they physically observed some of the Parish’s owned properties, and began on the Parish’s last audited schedule with inventory and picked a sample of items and randomly requested for employees to show them where it was located. He acknowledged that this was the Parish’s fixed asset records. Mr. LeJeune stated that the third (3<sup>rd</sup>) thing that they reviewed was the Parish’s journal entries which is normally in your accounting process, but just looking at the Parish’s accounting records and looking at the support associated with the journal entries. He advised that in terms of those three (3) items, his observations and exceptions were listed in the bound booklet that he had distributed to them that evening. The first was the converted PTO, and with that practice, the Parish was allowing employees to convert up to one hundred and sixty (160) hours annually into a cash payment. Mr. LeJeune had compared a memo about this policy that was dated 2018 and then compared that to the Parish’s internal policy manual, and in his opinion, there was some inconsistency on what the Parish’s policy was suggesting that paid PTO “is a time to rest and relax and pursue special interests”. In his opinion, that was what vacation was about. It was time to mentally and physically get away and relax. He recommended the Parish’s policy be fine-tuned to that, define the practices that you deem admissible. Mr. LeJeune advised that if the Parish would continue with that particular practice, he had some recommendations for them to consider. He suggested that the first would be to have their Parish legal counsel take a look and confirm that was a permissible activity. He stated that in his time with auditing and working with government loans, he hasn’t seen this type of practice before. He found some instances where the Parish had exceeded one hundred and

sixty (160) hours, and if there would be a policy in place advising that is what the Parish was willing to pay, then stick to it.

Mr. LeJeune wished to offer his advice for a more practical consideration, and commented that there was certainly nothing wrong with it, but Parish employees full vacation allotment was allowed at the beginning of the year, and he wanted to look at the Parish having some vulnerability financially by doing that. He would recommend that when they are looking to tweak their policy and procedure to look at: do you award time as you go, versus all at once? He further stated that was just a practical situation.

Mr. LeJeune stated that the last thing that he was looking at was the ins and outs of the Parish's PTO records, and he commented that the Parish does have some detailed records by the person showing the time earned and the time taken, and one of the things that he looked at was the time taken was not consistent. He would expect everyone to have a forty (40) hour work week.

He continued to the next topic and stated that in terms of the fixed assets and the sample that they took, they did not really have any exceptions.

He then moved to discuss the journal entries. They had found that there were six (6) that did not have any journal entries, but they looked normal, but there was not any type of supporting documentation or record reconciliation. He stated that he felt like this was probably more of a record retention issue that the Parish could enhance.

He also discussed that in the course of doing all of this, there were additional matters that came to them, some that they felt compelled to report at that point and time, and he had three (3) listed for the Council members to review.

Mr. LeJeune explained that one (1) of these matters dealt with an older sale of a heavy vehicle that was declared surplus by the Council a few years ago, and it went through a public auction, and there were two (2) things that were of concern to him that he thought that he needed to look at with the Parish in their procedures moving forward. The first was that they did not find an appraisal. He advised that if you are going to declare that something is surplus and sell it, you will want to have something to let you know what it is worth. He wished to note that someone's bid does not represent that. He continued and advised that the second thing that was found was that it looked like it was sold to someone who has a relative that works for the Parish. He said that this may be a violation of state law. His recommendation was to refer this to the Ethics Board. However, upon a policy review, was that a permissible activity?

He stated that the second to last bullet point dealt with written accounting, and just written policies in general. He indicated that the document that he received was from 2005, and he asked them to take this as opportunity as a new Administration and new Council, into a new four (4) term, would be to define current practices, and/or desired practices. And also consider redeveloping the manual that they have so that they may include behaviors and activity that you want so that you can plan for the future.

Mr. LeJeune advised that the last thing that he would like to talk about with them was not necessarily an issue, it was more on the side of record retention and documentation. He explained that he was given a number of invoices to review and based upon the information that the vendors provided for their payment, he would like to make some suggestions. He indicated that he would like to recommend that when there are service or maintenance contract invoices submitted for payment, he felt that they could be enhanced. He discerned that the Parish President and the Council members live in a world that they are heavily scrutinized and they need to be in a position that they can defend what the Parish has done. He further instructed that if someone is doing work for the Parish, he advised that they need to provide a sufficient amount of documentation to support the public expenditure, and it was reasonable, and the work was completed. He again wished to stress that what was given to him to review supported the expenditure, and he did not think that it was anything illegal or problematic upon the first view, but it did not tell him exactly what had happened to support the expenditure.

The chair wished to reiterate that Mr. LeJeune did not need a vote of the Council to approve this agenda item, it was just for informational purposes.

He then asked if anyone wished to have comment or input on this agenda item.

Councilman John Mangus requested if he could direct a question to Mr. Mickey McMorris, Livingston Parish Finance Director.

Councilman Mangus requested that Mr. McMorris present, when he was ready, what kind of changes that will be made in reference to Parish employee paid leave, policies and the statewide agreed upon procedures, best practices?

Mr. McMorris advised that he thought that the Parish President made it noticeably clear when he was a Councilman, and he certainly had made it clear now, that he was not in favor of those practices. He advised that Administration has corrected a lot of those issues. He agreed that the Parish's Policy and Procedure manual was dated 2005 and it needs a lot of updating and will take some work, but they were getting there.

Mr. McMorris stated that the Parish President can speak upon these matters, but he had made it very clear that they will abide by these terms and recommendations.

The Parish President advised that all the things that the auditor found that need to change, will be made in this Administration. He explained that Administration will need to bring some of the changes to the Council for their approval.

He agreed that the Policy Manual was dated 2005 and Administration wished to update the Policy Manual, but the auditor's report does not state that this manual is wrong. He stated that the Parish did not follow that manual.

The Parish President stated that in the future, with the Council's help, he would be making some recommendations and ask that the Council adopt them and make sure that they are followed.

The chair asked if anyone else wished to comment.

Councilwoman Erin Sandefur stated that she had some questions. She asked Mr. Lejeune on the service and maintenance contracts, did that include their legal invoices?

Mr. LeJeune advised that it did not.

Councilwoman Sandefur asked if that was part of his internal annual audit?

Mr. LeJeune stated that it could be part of the audit that his firm facilitates.

Councilwoman Sandefur wished to clarify what she was asking. She stated that she has specifically asked for that quite a few times internally. She advised that she was really interested in the retainer invoices if he could pay attention to that closely as well as the twenty (20) instances where payment was made for over one hundred sixty (160) hours, going back to the converted PTO.

She stated that she knew that they could not name names that evening in the Council meeting, but if he could make that information available to have those names, the dates that they occurred and why and how much over of the one hundred sixty (160) hours that they went.

Mr. LeJeune advised that he could provide that information to Mr. McMorris.

Councilwoman Sandefur thanked Mr. LeJeune and stated how much she appreciated the way that he presented it to the Council members.

Councilman Joe Erdey advised that he had a question for Mr. LeJeune. He asked that one hundred and sixty (160) hours, what was that accumulable? How long was that of a time period?

Mr. LeJeune advised that the memo that he saw, which took on the form of a policy change, was dated 2018, so he was assuming that is when it started. He stated that he only looked at the year of 2023.

Councilman Erdey stated that most places and most companies, don't you have to take your PTO at a certain point, rather than get it to one hundred and sixty (160) hours?

Mr. LeJeune advised that was normally what he had seen, that to motivate people to take it, if you don't take it, you lose it, so there is that time period and you can only carry over a certain amount. He further advised that he had seen some organizations, speaking from a governmental point of view, where that can accumulate up to a certain level and you get it at retirement. He advised that those are touchy if you allow a lot of accumulated time, it can be a really big burden down the line as people retire.

He further stated that it is about creating the policy with the benefit that you want to offer your employees and as you look at carry over provisions, you need to ask what do you want to motivate your staff to do? How do you keep them and retain? He stated that he felt like there were some other factors that would need to be addressed.

Councilman Erdey stated that was just a lot of hours for some twenty (20) people or whatever it was.

Mr. LeJeune stated that he was not seeing those kind of payout provisions professionally. He felt that if you motivate people to get away from work, to take time away to mentally get your self straight, then it also helps physically.

The chair asked if there were any other questions.

Councilman Ricky Goff addressed Mr. LeJeune and stated that one of the questions that he had, went in line with Councilwoman Sandefur's comments, but more specifically, when Mr. LeJeune does move forward with the audit, with those findings of one hundred and sixty hours (160), the Parish President made it very clear in January and the hardship that they had put on the Council, they needed to find a balance there. He advised that unfortunately, they have storms and other issues that the employees from the Department of Public Works are mandated to work, which is a little bit different from the job that has set hours.

Councilman Goff requested that Mr. LeJeune could focus on for him, when he does his report, based on those specific payouts, that they were legitimate payouts based on the time, the check, the way it was done, that there is documentation stating that it was a legitimate payout. He stated that was his biggest thing, just to make sure that they cover themselves and then moving forward that policy is in place somewhere.

Mr. LeJeune advised that the PTO payouts that he looked at were earned time and it didn't go below ten (10) hours of vacation to get to the one hundred and sixty (160), it did not get into that type of situation.

The Parish President state that one of the things that Mr. LeJeune was trying to make clear, and to make sure that everyone understood, it was in violation of the Personnel Manual that the Council adopted. He stated that the employees did earn the time, but some of the same people was doing the cashout and they didn't need to do that.

He asked if anyone was aware of what President Biden has proposed in the coming year, but in the future we have to pay these people time and a half and you cannot give them the option of comp time. He advised that it was an executive order from the President of the United States.

The chair asked if there were any other questions from the Council?

Councilman John Mangus requested that this be presented to the Finance committee and then brought to the Council.

The chair declared that this would be deferred until the next Finance committee meeting and then be sent to the next available Council meeting.

Mr. McMorris asked Councilman Mangus what did he expect to get at the Finance committee? He advised that this is the report.

Councilman Mangus stated that it would be for the information that Councilwoman Sandefur requested.

There was a brief open discussion.

The Parish President interjected. He advised that Mr. LeJeune had done his job and he has fulfilled his contract. He stated that at the next meeting, whether it be Finance committee meeting that you tell him to come to, or the regular Council meeting, his Financial Director will answer any questions that you may have based on this audit.

-----  
The chair addressed agenda item number 10, "Adopt a resolution ordering and calling an election on Tuesday, November 5, 2024 to be held by the Parish of Livingston, to authorize the rededication, levy and collection of special taxes therein; making application to the State Bond Commission and providing for other matters in connection therewith (1% Sales and Use Tax)", and called upon Jim Ryan, Government Consultants, Inc./Livingston Parish Financial Advisor.

Mr. Ryan directed the Councilmembers to review the proposition wording that will be on the ballot. He stated that in summary this is the sales tax that is  $\frac{3}{4}$  cent road tax and  $\frac{1}{4}$  cent Jail funding. He advised that the  $\frac{3}{4}$  cent dedication wording has not changed and will not change. The change will be in the  $\frac{1}{4}$  cent sales tax that is collected. It will be re-dedicated after any budgeted expenditures that the Council will make to support the jail. He stated that first will come the jail and its budgeted items and then if there is anything left after that, it would give you the authority or the ability to use those funds for animal control.

Councilman Lonnie Watts stated that basically they were doing the same thing and anything extra will go to the Animal Shelter. Mr. Ryan concurred with his statement.

## **PARISH OF LIVINGSTON STATE OF LIVINGSTON**

The following resolution was offered by Ricky Goff, and seconded by John Mangus:

### **RESOLUTION NO. 24-168**

A RESOLUTION ORDERING AND CALLING A SPECIAL ELECTION TO BE HELD BY THE PARISH OF LIVINGSTON, STATE OF LOUISIANA, TO AUTHORIZE THE CONTINUATION, REDEDICATION, LEVY AND COLLECTION OF A SPECIAL AD VALOREM TAX THEREIN; MAKING APPLICATION TO THE STATE BOND COMMISSION AND PROVIDING FOR OTHER MATTERS IN CONNECTION THEREWITH.

**WHEREAS**, the Parish Council, acting as of governing authority (the "**Governing Authority**"), of the Parish of Livingston, State of Louisiana (the "**Parish**"), desires to call an election (the "**Election**") to submit to the voters of the Parish a certain ad valorem tax proposition (the "**Tax**"), and to take all necessary actions ancillary thereto.

**NOW THEREFORE, BE IT RESOLVED** by this Governing Authority, that:

**SECTION 1. Election Call.** Subject to the approval of the Louisiana State Bond Commission, and under the authority conferred by Article VI, Section 26, the applicable provisions of Chapter 5, Chapter 6-A and Chapter 6-B of the Louisiana Election Code, and other constitutional and statutory authority, a special election is hereby called and ordered to be held in the Parish on Tuesday, November 5, 2024 between the hours of six o'clock (6:00) a.m., and o'clock (8:00) p.m., in accordance with the provisions of La. R.S. 18:541, and at said election there shall be submitted to all registered voters qualified and entitled to vote at said election under the Constitution and laws of this State and the Constitution of the United States, the following proposition, to-wit:

[THE REMAINDER OF THIS PAGE INTENTIONALLY BLANK]

### **PROPOSITION**

Shall the Parish of Livingston, State of Louisiana (the "Parish") be authorized to continue the levy of a tax on all property subject to taxation in the Parish, authorized pursuant to an election held on May 2, 2015 (the "Tax"), at a reduced rate of 2.0 mills (a reduction of the Tax from the 2.5 mills currently being levied) commencing with the year 2025 for an additional ten (10) year period ending with the year 2034 (an estimated \$1,200,000 reasonably expected at this time to be collected from the levy of such millage for an entire year), with the proceeds of the Tax, collected

previously and in the future, to be rededicated for the purposes of acquiring sites for, and for constructing, improving, maintaining and operating the Parish health unit and Parish animal shelters and for providing additional support for animal control operations in the Parish?

**SECTION 2. Publication of Notice of Election.** A Notice of Special Election shall be published in the *Livingston Parish News*, a weekly newspaper of general circulation within the Parish, and being the official journal of the Parish, once a week for four (4) consecutive weeks, with the first publication to be made not less than forty-five (45) days nor more than ninety (90) days prior to the date fixed for the election, which Notice shall be substantially in the form attached hereto as **Exhibit "A"** and incorporated herein by reference the same as if it were set forth herein in full.

**SECTION 3. Canvass.** This Governing Authority shall meet at its regular meeting place, Governmental Building, 20355 Government Blvd., Livingston, Louisiana, on **JANUARY 14, 2025 at SIX O'CLOCK (6:00) P.M.**, and shall then and there in open and public session proceed to examine and canvass the returns and declare the results of the said election. This Governing Authority reserves the right to change the date and time set forth above for the canvas of the returns (without any further publication of notice of the change in the date, time and/or location).

**SECTION 4. Polling Places.** The polling places set forth in the aforesaid Notice of Special Election are hereby designated as the polling places at which to hold the said election, and the Commissioners-in-Charge and Commissioners, respectively, will be the same persons as those designated in accordance with law.

**SECTION 5. Election Commissioners; Voting Machines.** The officers designated to serve as Commissioners-in-Charge and Commissioners pursuant to Section 4 hereof, or such substitutes therefor as may be selected and designated in accordance with La. R.S. 18:1287, shall hold the said special election as herein provided, and shall make due returns of said election for the meeting of this Governing Authority to be held on **DECEMBER 12, 2024**, as provided in Section 3 hereof. All registered voters in the Parish are entitled to vote at said special election and voting machines shall be used.

**SECTION 6. Authorization of Officers.** The Council Clerk of this Governing Authority is hereby empowered, authorized and directed to arrange for and to furnish to said election officers in ample time for the holding of said election, the necessary equipment, forms and other paraphernalia essential to the proper holding of said election and the Parish President and Council Clerk of this Governing Authority are further authorized, empowered and directed to take any and all further action required by State and/or Federal law to arrange for the election.

**SECTION 7. Furnishing Election Call to Election Officials.** Certified copies of this Resolution shall be forwarded to the Louisiana Secretary of State, the Clerk of Court and *Ex-Officio* Parish Custodian of Voting Machines in and for the Parish of Livingston, State of Louisiana (the "**State**"), and the Registrar of Voters in and for said Parish, as notification of the special election herein called in order that each may prepare for said election and perform their respective functions as required by law.

**SECTION 8. Employment of Counsel.** It is recognized, found and determined that a real necessity exists for the employment of legal counsel in connection with the election; accordingly, Boles Shafto, LLC, located in Monroe, Louisiana, is hereby employed as legal counsel ("**Legal Counsel**") to perform comprehensive, legal and coordinate professional work with respect to the election. Counsel shall (i) prepare and submit to the Parish for adoption of all the proceedings incidental to the election; (ii) counsel and advise the Parish with respect to the election; and (iii) in the event said election carries, to serve as "Bond Counsel" in connection with the funding of proceeds of the tax into Bonds. The fee to be paid Legal Counsel shall be an amount consistent with the Attorney General's then current Maximum Hourly Fee Schedule and other guidelines for comprehensive, legal and coordinate professional work, together with reimbursement of out-of-pocket expenses incurred and advanced in connection with the election, said fee to be payable by the Governing Authority subject to the Attorney General's written approval of said employment and fee, provided however that such fee shall in no event exceed \$5,000.

**SECTION 9. Additional Notice Requirement.** This Governing Authority made the announcement with respect to the adoption of this resolution required by La. R.S. 42:19.1, at its public meeting on March 28, 2024 and published said announcement in the Official Journal on March 28, 2024.

**SECTION 10. Application to State Bond Commission.** Application is made to the Louisiana State Bond Commission for consent and authority to hold the special election as herein

provided, and in the event that election carries for further consent and authority to dedicate the proceeds of the Taxes, and a certified copy of this Resolution shall be forwarded to the Louisiana State Bond Commission on behalf of this Governing Authority, together with a letter requesting the prompt consideration and approval of this application.

**IN FAITH WHEREOF**, witness my official signature on this, the 25<sup>th</sup> day of April, 2024.

  
Sandy C. Teal, Council Clerk

-----  
The chair addressed agenda item number 11, “Adopt a resolution ordering and calling an election on Tuesday, November 5, 2024 to be held by the Parish of Livingston, to authorize the renewal, rededication, levy and collection of a special ad valorem tax therein; making application to the state bond commission and providing for other matters in connection therewith (Health Unit)” and called on Jim Ryan, Government Consultants, Inc./Livingston Parish Financial Advisor.

Mr. Ryan directed the Council members to review page 2 in their resolution that had the proposition wording that will be on the election ballot. He advised that this was for the renewal of their Health Unit tax and the only difference in this is that it also specifies that the money can be used for Parish Animal Control Shelters and providing support for animal control shelters.

Councilman Ricky Goff advised Mr. Ryan that the Council would be rolling back the 2.5 millage for the Health Unit to be 2.0 mills because of what it collects. He further explained that the Health Unit had an excess of money in surplus that cannot be used for anything.

Councilman Goff also addressed the ¼ cent sales tax and explained the surplus that was available now that the bonds for the jail had been paid off.

The Parish President stated that he agreed with Councilman Goff's statements and in addition to that, when there is a surplus of funds, it is available for lawsuits, and the jail has a lawsuit every other week. He explained that by the Parish budgeting the money, it is budgeted for a purpose and they cannot come and get it.

Councilman John Mangus discussed his thoughts on there being a disconnect with the public about what exactly the Health Unit does and he asked Mr. Ryan if he could explain their many roles and purposes.

Councilman Ricky Goff requested to help explain this. He advised that this election is in November, so they will have plenty of time to answer questions and educate the public.

Councilman Goff advised that he has been working with the Chief Sanitarian and he has asked if they could put a brochure together to simplify what they are trying to do. He further explained some of the things that the Health Unit is responsible for, such as inspecting every single restaurant, and we will do a much better job explaining why we need the Health Unit. He stated that they were going to give as much information that they could and give everyone an information overload to make sure that everyone was educated about the many things that the Health Unit does and why we need the Health Unit.

Councilman Goff stated that the second part of this is, he would be traveling to all of the Council meetings in Denham Springs, Albany, Springfield and the Parish President would be coming when he was able to. He also wanted them to know that he had a meeting with the Library next week on Thursday and he would be sharing more about that with them later. He stated that the Library had not gone to the wayside and that his gut was telling him that they might be giving some of their money back to the people. He further advised that if those entities needed it, they would support them, but if they did not need it, they wanted to give it back to the people. He instructed that rededicating the jail matter was just good housekeeping for our funds and our financial part to keep them from getting into a situation. The matter of the health unit, we need it and the responsibility to provide an animal shelter. He declared that it was their responsibility to provide an animal shelter. He stated ardently that he believed that that they could provide the public with an animal shelter, not raise taxes and pay for it. He further advised that the Town of Livingston had donated the Parish property for an Animal Control and they were well underway of accomplishing that.

The chair allowed an open discussion.

Publication of Notice of Election.** A Notice of Special Election shall be published in the *Livingston Parish News*, a weekly newspaper of general circulation within the Parish, and being the official journal of the Parish, once a week for four (4) consecutive weeks, with the first publication to be made not less than forty-five (45) days nor more than ninety (90) days prior to the date fixed for the election, which Notice shall be substantially in the form attached hereto as Exhibit "A" and incorporated herein by reference the same as if it were set forth herein in full.

**SECTION 3. Canvass.** This Governing Authority shall meet at its regular meeting place, Governmental Building, 20355 Government Blvd., Livingston, Louisiana, on **JANUARY 14, 2025 at SIX O'CLOCK (6:00) P.M.**, and shall then and there in open and public session proceed to examine and canvass the returns and declare the results of the said election. This Governing Authority reserves the right to change the date and time set forth above for the canvas of the returns (without any further publication of notice of the change in the date, time and/or location).

**SECTION 4. Polling Places.** The polling places set forth in the aforesaid Notice of Special Election are hereby designated as the polling places at which to hold the said election, and the Commissioners-in-Charge and Commissioners, respectively, will be the same persons as those designated in accordance with law.

**SECTION 5. Election Commissioners; Voting Machines.** The officers designated to serve as Commissioners-in-Charge and Commissioners pursuant to Section 4 hereof, or such substitutes therefor as may be selected and designated in accordance with La. R.S. 18:1287, shall hold the said special election as herein provided, and shall make due returns of said election for the meeting of this Governing Authority to be held on **DECEMBER 12, 2024**, as provided in Section 3 hereof. All registered voters in the Parish are entitled to vote at said special election and voting machines shall be used.

**SECTION 6. Authorization of Officers.** The Council Clerk of this Governing Authority is hereby empowered, authorized and directed to arrange for and to furnish to said election officers in ample time for the holding of said election, the necessary equipment, forms and other paraphernalia essential to the proper holding of said election and the Parish President and Council Clerk of this Governing Authority are further authorized, empowered and directed to take any and all further action required by State and/or Federal law to arrange for the election.

**SECTION 7. Furnishing Election Call to Election Officials.** Certified copies of this Resolution shall be forwarded to the Louisiana Secretary of State, the Clerk of Court and *Ex-Officio* Parish Custodian of Voting Machines in and for the Parish of Livingston, State of Louisiana (the "**State**"), and the Registrar of Voters in and for said Parish, as notification of the special

election herein called in order that each may prepare for said election and perform their respective functions as required by law.

**SECTION 8. Employment of Counsel.** It is recognized, found and determined that a real necessity exists for the employment of legal counsel in connection with the election; accordingly, Boles Shafto, LLC, located in Monroe, Louisiana, is hereby employed as legal counsel ("**Legal Counsel**") to perform comprehensive, legal and coordinate professional work with respect to the election. Counsel shall (i) prepare and submit to the Parish for adoption of all the proceedings incidental to the election; (ii) counsel and advise the Parish with respect to the election; and (iii) in the event said election carries, to serve as "Bond Counsel" in connection with the funding of proceeds of the tax into Bonds. The fee to be paid Legal Counsel shall be an amount consistent with the Attorney General's then current Maximum Hourly Fee Schedule and other guidelines for comprehensive, legal and coordinate professional work, together with reimbursement of out-of-pocket expenses incurred and advanced in connection with the election, said fee to be payable by the Governing Authority subject to the Attorney General's written approval of said employment and fee, provided however that such fee shall in no event exceed \$5,000.

**SECTION 9. Additional Notice Requirement.** This Governing Authority made the announcement with respect to the adoption of this resolution required by La. R.S. 42:19.1, at its public meeting on March 28, 2024 and published said announcement in the Official Journal on March 28, 2024.

**SECTION 10. Application to State Bond Commission.** Application is made to the Louisiana State Bond Commission for consent and authority to hold the special election as herein provided, and in the event that election carries for further consent and authority to dedicate the proceeds of the Taxes, and a certified copy of this Resolution shall be forwarded to the Louisiana State Bond Commission on behalf of this Governing Authority, together with a letter requesting the prompt consideration and approval of this application.

**EXHIBIT "A"**

**NOTICE OF SPECIAL ELECTION**

Pursuant to the provisions of a resolution adopted by the Parish Council, acting as the governing authority (the "**Governing Authority**"), of the Parish of Livingston, State of Louisiana, (the "**Parish**") on April 25, 2024, NOTICE IS HEREBY GIVEN that a special election will be held within the Parish on Tuesday, November 5, 2024, and that at the said election there will be submitted to all registered voters in the Parish qualified and entitled to vote at the said election under the Constitution and Laws of the State of Louisiana and the Constitution of the United States, the following proposition, to-wit:

**PROPOSITION NO. 1**

**AD VALOREM RENEWAL AND REDEDICATION**

Shall the Parish of Livingston, State of Louisiana (the "Parish") be authorized to reduce and rededicate the levy and collection of an existing 2.5 mills special tax on all property subject to taxation in the Parish pursuant to an election held on May 2, 2015 (the "Tax"), and to continue to levy 2.0 mills of the Tax (a reduction from the 2.5 mills currently being levied) for a period of ten (10) years, beginning with the

year 2025 and ending with the year 2034 (an estimated \$1,200,000 reasonably expected at this time to be collected from the levy of such millage for an entire year), with the proceeds of the Tax collected previously and in the future to be used for the purposes of acquiring sites for, and for constructing, improving, maintaining and operating the Parish health unit and Parish animal shelters and for providing additional support for animal control operations in the Parish?

**[THE REMAINDER OF THIS PAGE INTENTIONALLY BLANK]**

The special election will be held at the following polling places situated within the Parish, which polls will open at six o'clock (6:00) a.m., and close at eight o'clock (8:00) p.m., in accordance with the provisions of La. R.S. 18:541, to-wit:

-----  
The chair addressed agenda item number 12, "Parish President's Report: Update on Lod Stafford Road Bridge from Forte and Tablada" and recognized Mr. Chad Bacas of Forte and Tablada.

Mr. Chad Bacas, P.E, and Principal Sr. Vice President of Forte and Tablada introduced himself and advised that the Parish President had invited him to come to the Council meeting that evening to discuss the bridge on Lod Stafford Road.

Mr. Bacas began by giving everyone some of the history in brief relating to the Lod Stafford Road bridge and the damages that it received by a fallen tree from the destruction of Hurricane Ida in the year of 2021. He acknowledged that it was located in Councilman Lonnie Watts's District, Council District 1.

Mr. Bacas explained how FEMA became involved in the bridge replacement and they took well over a year before coming back to the Parish of Livingston to advise that this project could receive grant money under the Public Assistance Program which is a 90/10 match. It then took another year for them to come into agreement that they would replace the bridge under this match program, but not put the bridge in its original location because it was situated in such a bad curve. Because of the length in time it was taking, the previous Administration met with FEMA and requested if they could place a temporary bridge in its place for local traffic. He advised that the temporary bridge was installed and it was what was still in place currently at this time. He briefly described the temporary bridge as a one (1) lane bridge that has lights on either side. It is a small bridge and it causes a little frustration and people need a lot of patience just to use it. He explained that it was still a low-grated bridge that could tolerate the weight of fire trucks, ambulances, and buses. He likened the temporary bridge to be just like a military bridge that you could lay on top of what was existing and ride over it.

Mr. Bacas reported that the Parish once again had a very lengthy waiting period to see FEMA's results for a temporary bridge. But in the meantime, Mr. Bacas's team were getting wetland permits for the new bridge, the needed surveys were being done, as well as the pre-liminary plans and the final plans performed. After turning in the final plans, FEMA said "no", they wanted the bridge to be raised an additional two (2) feet above the fifty year (50) year storm.

He explained that they do not typically raise bridges that high in Livingston Parish, or even in south Louisiana for that matter. Because the district terrain is so flat and if you raise a bridge like that, you will be letting more water go south, or you will raise the road up and create a dam on the ushering side. He stated that it took them a little while to prove this to FEMA, and that information was just sent off last week, so they can bless it, or give it a thumbs up or a thumbs down.

If FEMA gives them the thumbs up, then they can move forward with the bidding and begin the construction. Mr. Bacas advised that they had already purchased the land, the clearing is done, the utilities have been moved out of the way and everything is ready to go and set the way that they have it now.

They also generated informational flyers to distribute along the road to inform the residents of the progress.

Mr. Bacas stated that he was there at that evening’s meeting to address if anyone had any further questions. He informed his audience that he did not go in to the finite details of this project, but he that he had covered most of it.

The Parish President stated that the original height that the Parish had been told they could put the bridge at, and made our plans for, and was ready to go to work, and now they have increased the height and that now adds two (2) spans, which has created problems because they did not purchase property for two (2) spans and the extra height may cause flooding downstream.

The chair asked if Councilman Lonnie Watts was okay with that presentation. Councilman Watts stated that yes, he was, he needed that information that was presented by Mr. Bacas to share with his constituents who had many questions.

The chair asked Mr. Bacas if he would like to report on another bridge located in the Parish, to which he stated that he did and if the Parish President did not mind, he would like to call upon Mr. Robert Dugas, the Director of Public Works. He advised that Mr. Dugas would like to introduce Wildwood Bridge that is a letting that has already happened.

Mr. Dugas advised that they had a bid opening for Wildwood Bridge that already had funding in the Capital Outlay Budget. He advised that it came out to be 1.486 million dollars and was a four (4) span bridge. He indicated that he had already received the permitting and he did not think that the Council had to do anything. He just wanted to make sure that they knew that he was about to spend 1.486 million.

Councilman Ryan Chavers asked Mr. Dugas if they were also planning to widen the bridge. Mr. Dugas confirmed that the bridge would be widened as well and would be a two (2) lane road.

Mr. Dugas further advised that they would be leaving the existing bridge in place and realign the good bridge.

The Livingston Parish Department of Public Works Director, Mr. Robert Dugas, made a recommendation to the Council members to award the bid in the amount of \$1,486,642.10 to Coastal Contractors for work to be done on Wildwood Bridge.

The chair advised that the agenda would need to be lifted because this item was not on the agenda.

The chair addressed agenda item number 13b, “Parish Grants Department: Adopt a resolution authorizing Livingston Parish to prepare and submit pre-applications to the Statewide Flood Control Program for assistance in the implementation of projects for the purpose of reducing existing flood damages; providing for the necessary documentation of said flood damages; and providing for other related matters in connection therewith”, and asked if Mr. Mickey McMorris, Parish Finance Director, wished to speak on this item.

Mr. McMorris advised that this was just a pre-application to allow the Parish to be able to apply for this particular grant. Mr. Jim Gilbert from Administration also gave input.

Councilman Ryan Chavers asked Mr. Gilbert what the funds were going to be used for because he might have some people in his district that could benefit from it.

The Parish President stated that all state-wide funded programs have a criteria, an LMI, it has to fall between the low to moderate income. Mr. Jim Gilbert stated that it is smaller grants and these flood control projects can range from small to large. They wanted to apply it any place that they could get the most done.

**LPR NO. 24-175**

MOTION was made by Ricky Goff and duly seconded by Lonnie Watts to authorize Livingston Parish to prepare and submit pre-applications to the Statewide Flood Control Program for assistance in the implementation of projects for the purpose of reducing existing flood damages; providing for the necessary documentation of said flood damages; and providing for other related matters in connection therewith.

The chair addressed agenda item number 14, "Introduction of Fill Dirt Ordinance – Dean Coates".

Councilman Dean Coates advised that this was not ready to be heard today so it was being pulled. He apologized to anyone who may have traveled to speak on it, but he will have it ready for the next Ordinance committee meeting.

Many people in the audience were very upset and some left abruptly.

Councilman Lonnie Watts stated that this should have to come to Ordinance committee before it came before the Council members at a regular meeting. The chair asked if Councilman Coates would commit to bringing this ordinance to the Ordinance committee before it is brought to the Council for introduction. Councilman Coates advised that it would definitely be on the Ordinance committee agenda. The chair wished to convey to Councilman Coates that when he put this on the agenda, it created problems, he had been receiving phone calls about an ordinance that he knew nothing about, the office staff received many calls from the public asking them about this ordinance that they also knew nothing about, and then people get out of their homes and drive to the Council chambers to the meeting for a fill dirt ordinance. He advised that is why the Council adopted a resolution to send an ordinance to the Ordinance committee to help all of them have input before it is introduced.

Public input: Brad Marcotte, resident of Denham Springs

There was a discussion that if someone wished to pull things off of the agenda, a notice could be sent out to the public making them aware.

Councilman Joe Erdey asked Councilman Coates how it happened?

Councilman Coates stated I will give you how that happened. He explained that they had someone writing the ordinance for them, they received the ordinance and the ordinance had some deficiencies in it and we had this person write another ordinance for them and it came back and had more deficiencies in it. Councilman Coates stated that if it's not ready he doesn't want to do this haphazardly, so he was going to pull it off until they can get it how it is supposed to be.

Councilman Watts stated that he agreed with that, and he also concurred with the chairman that if the Council followed the rules that they set out and it was voted upon unanimously, then it should go to the Ordinance committee before it ever hits the agenda for the introduction.

Councilman Ricky Goff requested to give input. He informed them and advised that the Council members passed a resolution, and it wasn't to say that every ordinance needed to go to the Ordinance committee, it was that they would do their very best to take all ordinances to there, to where they can be digested and worked through for what you are trying to do now, to get it prepared. He stated that he thought that the biggest problem here was, trying to put too many apples in the basket in the time frame. He stated that he thought that it needed to go to the Ordinance committee meeting, and once it has been through there and had some digestion, because you do

not know what it coming out of there, and then you have a final draft, then you put it on the agenda. Councilman Goff reasoned where you run into a problem is, where you try to do both with no openness that it might change. He advised that you need to be a little more patient, government wheels run a little slower. He advocated to first, place it on the Ordinance committee agenda, have the meeting to view the thought process of it, once it is approved and done, received its blessing or changed or tweaked, then that Ordinance committee makes a recommendation for that particular ordinance to come to the Council. Councilman Goff felt that was where he was running into a problem because there was too short of a time frame to have or make any kind of adjustments, not only on the preparation of it, but also to have the people have a voice in it.

-----

The chair addressed agenda item number 15, “Adopt resolution to authorize a waiver of Section “125-176, “Definitions” to allow a third address on a (5) acre tract for Ella Jackson being located on N Café Line Road, Albany, La 70711 – Parcel # 0137901 in Council District 9 – Joseph “Joe” Erdey”.

Councilman Erdey stated that he felt the same as the others about waivers. He met with the people who were requesting the waiver. They had five (5) acres and there’s three (3) mobile homes there, and he basically told them to subdivide but they couldn’t afford it and were relatively on a low income. He did not encourage them, but at one point they encouraged him because they got the Restore Program furnishing these poor people with a mobile home and they have the Catholic Daughters that are going to put their sewer system in. He explained that kind of won him over. It doesn’t mean he is automatically for the waivers anymore, it just meant that they are trying real hard to get this lady to move home next to her family and they need a third address. He respected the Council on this, he was not pressing on it, but he did put it on the agenda for her because the way that she went about it by getting the Restore Program ready to bring the trailer, and it is ready to move in and the Catholic Daughters are ready to do the mo-dad. He stated that he has to appreciate that no matter what they do.

**LPR NO. 24-176**

MOTION was made by Joe Erdey and duly seconded by Lonnie Watts to authorize a waiver of Section 125-176, “Definitions” to allow third address on a five (5) acre tract for Ella Jackson being located on N Café Line Road, Albany, La 70711 – Parcel # 0137901 in Council District 9.

Upon being submitted to a vote, the vote thereon was as follows:

YEAS: MR. TAYLOR, MR. WATTS, MR. CHAVERS, MR. ERDEY, MR. WASCOM, MR. COATES, MR. MANGUS

NAYS: MR. GOFF, MS. SANDEFUR

The chair addressed agenda item number 16, “Adopt a resolution to authorize a waiver of Section 125-51(e), “Submittals,” to subdivide in a named subdivision (Andorra-Rural Properties) located on Gaylord Road, in Council District 7”, and called upon Councilman Ricky Goff.

Councilman Goff advised that this fell into his appearance at an Ordinance committee meeting and they were trying to come up with some process with the Planning Director and the Administration because they were back to the same process of a named subdivision. He informed them that the property in question had the acreage and it fit the density and all of the other guidelines that were needed. The waiver is needed because it was located in a named subdivision. He instructed that they were working on that at the Ordinance committee to tweak that a little bit and would not completely be eliminating the waivers. Councilman Goff stated that this ordinance could possibly go from the year 1990 back if it is a named subdivision to allow the Planning Department to move forward but it also has to be more than two (2) acres. If the property is under two (2) acres, then the property owners must request a waiver through the Livingston Parish Council.

MOTION was made by Ricky Goff and duly seconded by Ryan Chavers to authorize a waiver of Section 125-51(e), “Submittals” to subdivide in a named subdivision, (Andorra-Rural Properties) located on Gaylord Road in Council District 7.

Upon being submitted to a vote, the vote thereon was as follows:

The chair addressed agenda item number 17, “Adopt a resolution to authorize a waiver of Section 125-51(e), “Submittals” to subdivide in a named subdivision, Allison Place Subdivision, located on Perrilloux Road in Council District 8 – Dean Coates”.

Councilman Coates advised that this property was located on Perrilloux Road and is tract of land the gentleman is subdividing. He is going to improve the area and he’s going to put some mobile homes on these properties. He stated that it is not a mobile home park or anything of that nature and will all have their entrances off the roadway. He commented that it is also just like Mr. Goff explained, it’s an older subdivision and one of those that fall into that realm of what we are trying to eliminate at this point.

Councilman John Mangus questioned what the other properties around this requested waiver looked like. Councilman Coates stated that there were other mobile homes around it as well.

Councilman Mangus surmised that this would not be creating an undue burden and just because they are granted a waiver, doesn’t mean that they been permitted. Councilman Coates advised that yes, that will all have to occur. Councilman Mangus questioned what was the size of the property?

Public input: Cody Bergeron, representative from Alvin Fairburn and Associates

Mr. Bergeron answered this question and stated that the whole property itself is right at two (2) acres. He advised that the smallest property was .43 acres and the largest was 1.6 acres. He stated that it was a big piece of property and that the property owner was unsure at that time about what he would be placing there. The property owner was dividing it into reasonable size lots, it was a 1985 subdivision having five (5) to ten (10) acre lots and has also been subdivided multiple times, both tracts on each side have been subdivided into smaller lots than what the property owner is requesting. Mr. Bergeron advised that it would be divided into six (6) lots.

Mr. Bergeron answered questions from the Council members.

The chair addressed agenda item number 19a, “Committee Reports: Finance Committee” and called upon Councilman John Mangus, chairman of the Finance committee.

Councilman Mangus explained that they did not meet in respect to Councilman Joe Erdey and Councilman Watts and the Hungarian Settlement.

The chair addressed agenda item number 19b, “Committee Reports: Ordinance Committee”, and called upon Councilman Dean Coates, Finance committee chairman.

Councilman Coates stated that they had met and had several things come up. He advised that Mr. Chavers had one (1) about statistical data on new subdivisions and that was pulled and needed a little bit more work on it, Mr. Goff brought up what he had just explained a few moments ago and doesn’t have it in written form yet so he’s working on that and Mr. Burns came in and spoke to the committee about roadway setbacks which needed more work as well. He indicated that they would discuss those items at the next committee meeting and anything else that the Council members may have.

The chair addressed agenda item number 18, “Add road(s) to the Priority List for consideration:” and advised that he had requested for this item to be placed on the agenda and stated the names of the roads that he wished to be placed for consideration on the Priority List. Councilman John Mangus requested to add two (2) roads for consideration to this list.

Thereupon the chair declared that the Motion had carried and was adopted on April 25, 2024.

-----  
The chair addressed agenda item number 20, “District Attorney’s Report:” and called upon Parish Legal Counsel, Mr. Chris Moody.

Mr. Moody advised that he did not a have report that evening.

-----  
Before the chairman asked to adjourn that evening’s meeting, he wished to acknowledge the passing of Mr. Jimmy Durbin, the former mayor of Denham Springs. He advised of the sixteen (16) years that they had served the City of Denham Springs together and his boast excellent leadership. He spoke of Mayor Durbin’s good vision that he had for Denham Springs, bringing Bass Pro Boulevard, Juban Crossing, and his vision to annex the interstate out that way. He recognized that he was going to be strongly missed.

Councilwoman Erin Sandefur wished to share the impact that Mayor Durbin had impressed upon her life several years ago. She explained that last week they had a litter pickup that was phenomenal that was called “Love the Boot Week”. When she heard of his passing she thought to honor her Council District 5 to Jimmy Durbin because years ago, Denham Springs was a shiny, clean place with him as the Mayor and he really inspired her all these years later to pick up and fight litter wherever she may be to leave a place cleaner than she found it, with him being in the back of her mind.

Councilwoman Sandefur advised that they had picked up three hundred eighty-eight (388) bags of litter in Council District 5 last Saturday morning. She thanked the people who participated and encourage everyone to pick up the litter where they are because it does matter and it does make us beautiful like we are.

Councilman John Mangus wished to thank District 6, his wife Brandy, and so many others that came out for last Saturday’s litter pickup. He wasn’t sure how many bags that they picked up, but it was a lot, and as his father always said, when people would ask him how does he keep his car so clean, you don’t let it get dirty. Councilman Mangus acknowledged, if they could just all do that, we just don’t let it get dirty, we just pick up the trash and they would not have to worry about it, maybe “Love the Boot” would never have to happen again if they would just do that.

Councilman Ryan Chavers reported that yesterday was Administration Day and he wanted to, on behalf of the Livingston Parish Council, he wanted to thank the Deputy clerks and the Council clerk for all of their hard work that helps this Council operate. He bought the three (3) of them a gift for everything that they do and for all of their help and guidance.

Councilman Coates wanted to say that not this weekend, but coming up weekend, during the first weekend of May, they have the Tickfaw 200 coming up, the biggest tourist event that we have in the Parish. He encouraged everyone if they had never been, go out there, you can go by one (1) of the bars, they’ve got other areas that you can go watch this show and you’ll have beautiful boats come by all day long. He stated that it was really a spectacular event to go see. He also advised of the Springfest event that would be held that following weekend and the Republican executive committee will be out there trying to promote good conservative values. They could also get individuals signed up to vote and answer any questions that someone might have about their positions. He asked for everyone to please come out for this.

Councilman Billy Taylor stated that he will also be cooking out at Springfest if they wanted to come out and see him, they will be at Eagle Eye Care. They will be serving smoked turkey legs, pastalaya, pulled pork sandwiches, homemade potato chips, so if anyone wishes to come out, they will have it all.

Councilman Joe Erdey advised that not this Saturday, but the following Saturday, May the 4<sup>th</sup>, they would be having their second annual spring Hungarian Springfest at the Hungarian Presbyterian Church. He stated that they will have plenty of food, they have vendors, they will have a tour guide, the museum tour and people will be out there selling things.

Councilman Ricky Goff had three (3) things that he wished to comment on. He recognized the outstanding presentation with SADD earlier in the meeting. He encouraged everyone if they had any youth, ask them to Google and search them out, giving them space to do their own thing. He advised that SADD was an outstanding organization and these kids were truly making a difference in others’ lives. The second thing that he wished to comment on was the gentleman that was in attendance earlier that evening that was in World War II. He stated that every time that he is asked to lead the pledge of allegiance, he makes a request to everyone to put their hand on their heart and feel their heartbeat and realize that they are a lot of people that do not have a heartbeat that have protected that flag and protected our right to be there that evening and make decisions and gather and do fun things like going to the Tickfaw 200. He asked for anyone listening to him at that moment, along with our youth, to remember what Mr. Tolley Fletcher said that evening when he stood at the podium. Mr. Fletcher stated that a lot of our youth do not even know what World War II was and what it meant and what people their age went through. Councilman Goff challenged everyone who had a youth to ask of them two (2) things. One (1), google SADD, and then google World War II and then just dive in about what our future is and what our history is. The next thing that he wished to comment upon was Mr. Jimmy Durbin. Councilman Goff stated that many years ago he served on the Town of Walker for twelve (12) years as an alderman and

Mr. Jimmy Durbin was their town attorney. He spoke of his experience with Mr. Durbin and stated that he was calm, collective, to the point, and gave you good advice. Councilman Goff stated that he has respected him the entire time and always had a great relationship with Mr. Jimmy Durbin. He asked for everyone to pray for his wife, because where you saw one, you saw the other, and what a difficult time she must be going through.

Councilwoman Erin Sandefur asked to comment on one (1) last thing. She announced recycling day that Livingston Parish residents can use in Hammond at Zemmurray Park that will be held on Saturday, May 4<sup>th</sup>, from 8:00 a.m. until 12:00 noon. She advised that this event was posted on the Keep Livingston Beautiful Facebook page with the event's details. She stated that they would be able to bring recyclables such as, batteries, paint, electronics, and then in the fall they do have a hazardous waste free dump day coming up, so stay tuned.

-----  
Having no further business, a motion to adjourn was requested until the next regular meeting being scheduled on Thursday, May 9, 2024, at the hour of six o'clock (6:00) p.m. in Livingston, Louisiana.
